

# Indian Forum for Materials Testing

April 23-25, 2025

# Zwick / Roell

## A Warm Welcome to the Indian Forum for Materials Testing

Indian Forum of Materials Testing introduces to you the **latest trends** and innovations from the world of component and materials testing. Discover testing solutions for your industry requirements, designed in close cooperation with our customers. Attend presentations based on real-world applications and requirements such as data integrity or measurement uncertainty. Experience our intuitive testing **software testXpert III** first-hand. Visit one of the forums across India and talk to ZwickRoell experts about how to improve productivity and repeatability with our intelligent testing solutions .

We are happy to invite you to the opening event, where you can meet not only our **experts**, but also our future testing machine operators, that are a part of the training program at the **ZwickRoell Academy**. Participation in the event, including all presentations and lunch, is free of charge.

**When:** 23.April 2025 // 9:00 am - 6:00 pm

**Where:** Don Bosco Tech Campus, Chennai
